

2016 Wildfire Prevention Poster Contest

Teachers, Parents and Arizona Youth Grades 4-8

Please join us for the third year of Arizona State Forestry's Fire Prevention poster contest! The last two years were a huge success, and we hope to receive even more posters this year!

Please help us educate Arizona youth in understanding how to prevent human-caused wildfires in Arizona. Posters that depict ways to reduce wildfires and how to be safe with fire will be used in future fire prevention programs for the state of Arizona.

We hope that Arizona youth from across the state will take part in this fun and educational program!

ENTRY DEADLINE: MARCH 18, 2016

(entries must be received by this date)

Questions? Email Carrie Dennett at carriedennett@azsf.gov or go to our website at www.azsf.az.gov for more information.
